# Premium PRODUCTS

NEW  
from  
Country  
Range

With fries no longer just a sideshow but a key player on menus right across foodservice, we have strengthened our potato portfolio with the addition of range of new fries.

Ensuring chefs have a top-quality, full-flavoured, crunchy and consistent fry for all occasions, the new range is made using full-flavoured Fontane potatoes. Utilising the latest chip technology, these premium fries have an innovative invisible coating and delivers an impeccable crispness and crunch. Gloriously golden in colour and visually appealing, the coating provides a light salting to help a quick and easy serve plus it means the Double Crunch fries will hold their crunch for 40 minutes and Triple Cooked for at least 20 minutes, both much longer than standard fries, once taken out of the fryer or oven. The ground-breaking 19mm Triple Cooked Chunky Fries offer a thicker cut and an unassailable, supremely silky, almost mash potato centre.
